

January, 2011

Dear Contributor,

Each year Iona Grammar School undertakes events which embody the spirit of cooperation on which the school was founded. The Annual Auction brings together all the Iona Grammar constituencies for a fundraiser that directly benefits the students of the school. Under the leadership of the Mothers' Auxiliary, parents, past parents, alumni, faculty, students and friends contribute their time, talent and treasures to make the evening special.

On April 9, 2011 we will gather at the Riverside Church in upper Manhattan to celebrate our school. We expect the many and diverse auction items that have been the hallmark of our events to again be on display. As always, however, we seek new exciting prizes to entice our bidders. An auction is only as good as the people bidding and the bids are only as good as the prizes we have to offer.

The proceeds from the Auction will help to fund many of the "extras" that make Iona Grammar School so special. New computers, a faster Internet connection, the latest software, updated library books and science equipment all have been funded through our past fundraising efforts. This year the funds raised at the Annual Auction will support the educational needs of Iona Grammar School.

Therefore, we ask you to support this great event in any way that you can.

Thank you very much,

Peter M. Borchetta  
President/Headmaster
